Dear CDU students, faculty and staff:

Consistent with Governor Newsom's "stay at home order" and the Los Angeles County Board of Supervisors "safer at home order," both issued the evening of March 20, the CDU Campus is closed.

All instruction has been moved to online.

All employees and staff must work remotely. The only exception would be essential or critical functions that must be performed, and/or that has the President's approval.

We will sending updates via broadcast email and Everbridge. But please check this webpage frequently, as all information will also be posted here.

This is an unprecedented healthcare and social emergency, as well as a dislocating experience for us all. Thank you once again for your flexibility throughout this situation.

Please stay safe, and take good care of you and those you care about.
